CHAPTER ONE: OUTLINE OF THE DILEMMA

1.0 INTRODUCTION

This treatise describes a conspiracy more evil than any other the [U]nited States of America have seen in their many years of existence. The Fourteenth Amendment is a fully orchestrated conspiracy in its most uniquely veiled form, now over 135 years old. The conspiracy is in plain sight and understood by no one who is *not one of the “enlightened”* or of the Holy Spirit.

This discourse is birthed by Section 4 of the Fourteenth Amendment to the Constitution of the United States. Briefly, this section has to do with the *public debt* of the United States and slaves. Most readers in the “Freedom Movement” have probably read and heard stories and opinions on the Fourteenth Amendment. The dis/non-information on this amendment is so widespread and deeply ingrained that most people focus on Section 1; this section notwithstanding, the true evil lies in the other sections of the amendment that are truly unconscionable and wicked.

Because this treatise is entitled *The Red Amendment*, it contemplates a *dual reference* to the Fourteenth Amendment concerning the word RED. The two things are:

1. It was / is a vehicle for the implementation of Communism in America;¹ and,
2. It was / is a vehicle to deliberately bring the United States into perpetual debt.

The former is of design to achieve the latter. When these two factors are combined, it results in fundamental Involuntary Servitude.² By the time you complete *The Red Amendment*, you will have no doubt in your mind that this is true. It is requested that you please keep an open mind, as Communism—or *Marxism*—is not what you think or you have been told it is.

1.1 CRUX OF OUR DILEMMA

Most Americans are aware that we had many problems with England during the birth of our unified nation.³ The two most notable problems were our War of Independence, and the War of 1812. Since we prevailed in these physical battles, covert measures taken by the money powers of Europe—*i.e.*, the World Elite—also referred to herein as *THEY*—gained a veiled takeover of

1 The Cold War (*Russians*) was just an orchestrated phase (*bogeyman*) to implement communism in America; moreover, the world. Due to our Constitution, America was the biggest challenge of the world cabalists.

2 See book by Gerry Spence “Give me Liberty!” It goes over *neo-slavery* in fine detail. Recommended reading!

3 As a matter of international law, the American Union—or federation or confederation—is not really a nation.

the *several united states* of America. This stepped destruction of the freedom of Americans has been achieved through stealthy *financial terrorism*.⁴ There are several orchestrated particulars that were required to accomplish this destruction: they will be outlined in this treatise.

Almost everyone has heard the expression “New World Order”. You must be aware that America is the New World, thus, it is ventured that the “Order” emits from America. This author assumes that most people have some knowledge of this subject, such that this treatise need not labor over the specifics of the “New World Order”; although it will be covered in minimal context, to prove the point of a covert takeover and its evil presence in America.⁵

1.1.1 Illuminati / Masonry

The takeover was/is done through secret societies (puppets), mainly the Masonic Orders. The upper echelons of these societies—the Illuminati—are the ones that are involved in the true conspiracy. The lower ranks of these Orders are just patsies: they are kept totally ignorant of fact and truth. Most believe they belong to a fine, charitable, social organization: some being Christian based. In truth however, the fact of the matter is the *enlightened* worship Lucifer.

Because these people are into homage and symbolism, the presence of these Orders is openly displayed. Look at the back of a one-dollar “Federal Reserve Note” to see two such symbols:

1. The pyramid with the *eerie* illuminated eye, and
2. The Great Seal of the “United States”.

Accordingly, Washington D.C. was laid out to be a giant clandestine Masonic playground, where many other symbolisms can be found. One of the most intriguing of these symbolisms is the Washington Monument. The Monument that you see is 555 feet tall. The sub-structure of the Monument is 20 percent of 555; or 111 feet. Add the two together and you get 666: the Mark of the Beast as mentioned in the Bible.⁶ Coincidental? Perhaps. . . but highly doubtful.

This positions America as being Neo-Babylon: The New World Order, *i.e.* THE ORDER.⁷

1.1.2 Patriotism Directed to Military

To create this Babylonian New World Order, a power presence is required to be created. It is commonly known that the “United States” holds world dominance in power. This power had to be achieved by some simple mass means. Americans have been conditioned to patriotically support the *United States Military Machine* by taking sides in sporting events.⁸ This conditioning is thereupon directed to patriotism, which creates a subliminal righteousness to aggress against other sovereignties / nations. Do any of you recall similar methods used by Hitler?

Below are the definitions of *Patriot* and *Mercenary* from *American Heritage Dictionary*:

PATRIOT: One who loves, supports, and defends one's country.

MERCENARY: 1. One who serves or works merely for monetary gain; a hireling. 2. A professional soldier hired for service in a foreign army.

4 For more information on the New World Order, you should read the following: “Financial Terrorism” by John F. McManus; and “Global Tyranny... Step by Step” by William F. Jasper. Both Excellent! 5 Paganism. Read “Empower the People” by Tony Brown. It goes over this in fine detail. Recommended!

6 The number (666) is meant “To have fullness of the works of man”. In other words: Ruled by man, not God.

8 Chapter 178 of USC Title 28 – Professional and Amateur Sports Protection. A special chapter in the Judiciary is dedicated to sports. What is this all about? Protect the cabal with distractions with *Bread and Circuses*.

In sense: A patriot is one that does not hire for monetary gain.⁹ In contraposition: How many Americans join *the Service* as a career? Has not the United States engaged in *police actions* recently, and over the past several decades? Is defending one's country aggressing against another country or nation by reason of *freeing them*? Moreover, Article I of the U.S. Constitution states that *Congress has the power to raise and support Armies, but no appropriation of money to that use shall be for a longer term than two years*. However, since the Civil War the United States sustains a *standing army*. Why? As you will see while you are reading this treatise the United States is a *foreign entity* (see *mercenary*). For now it is asked: Is this *your* government?

In light of these matters, it has been said "*It takes money to make money.*" In a parallel sense, to gain dominance for an American *fascist* state, the funding had to come from somewhere; that somewhere is from covert theft and slave labor which is procured by way of an instrumental tool: the Fourteenth Amendment. The amendment actually creates a *Quiet War* on Americans. The "Blueprint" used to create this dominance was—and is—entitled: COMMUNISM.

1.2 BLUEPRINT FOR NEO-SLAVERY

Alexander Hamilton stated the following in the Federalist Papers:¹⁰

“. . . wars and rebellions are. . . the two most mortal diseases of society.”

So, why are we continually involved in wars around the world? . . . Wars create tremendous debt! That is why!¹¹ This debt is contrived to enhance the wealth of the World Elite through loans, which are paid through a political doctrine designated as: Communism. This particular political doctrine formulates an economic slave force under the banner of "The State".

Communism is defined by *Ballentine's Law Dictionary* as follows:

1. **COMMUNISM:** In the pristine sense, is the ownership of the means of production by the community,¹² each member of the community participating in production according to his ability and sharing in the products according to his need;
2. In common usage of the present day, suggestive of the theories of Marx and Lenin and the politics and authoritarian rule.

The above term has been expressed in many ways; some of them are: Democracy, Socialism, Liberalism, Fascism, etc. "THEY" keep altering the language to keep everyone off course and confused. However, all such language is tied to a secret cabal, which purviews through the work composed, by Karl Marx and Frederick Engels commonly entitled the "Communist Manifesto".¹³ The purpose of this Blueprint is to enslave and control nations with perpetual debt while creating *personal debt* through materialism. Although it is believed to have been of a specific purpose to destroy Americans, its principles have been—and are being—applied throughout the world.

1.2.1 Communist Manifesto

The purported purpose of the Communist Manifesto is to overthrow the Middle Class, which has been—and remains—a thorn in the side of the World Elite in achieving world domination. After evaluating the tripe contained in the Manifesto, any intelligent man of God should gather that its main purpose is to put everything in the hands of the World Elite and enslave mankind.

The corrupt dictum of the Manifesto includes some of the following:

9 e.g. "The Patriot" A movie that featured Mel Gibson as the patriot against the British in the Revolutionary War.

10 Essays outlining the Constitution drafted by Alexander Hamilton, James Madison, and John Jay.

11 Americans have been *brainwashed* that wars create a good economy. WHAT! It kills people and creates debt!

12 In legal presence: "The People" are the State that translates to corporations controlled by the governing body at large, which eliminates *PRIVATE* enterprise. Moreover, corporations are controlled by the State; and generally, large ones govern the ruling policy of government. A simple formula is as follows: Corporations = State = Elite.

13 Drafted in 1848 by Marx (Moses Mordecai Levi—a non-Christian *Jew*), financed by Engels – a European Elitist.

- Destruction of Belief in God (Religion)
- Destruction of the Natural Family Unit
- Elimination of Countries and Nations
- Destruction and Erosion of Morality
- Elimination of Private Property
- Elimination of Eternal Truths
- Elimination of Inheritance
- Elimination of Freedoms
- Confiscation of Property. . . *from resisters of this great plan*
- The Control of Commerce
- State-Run Transportation
- Education by the State
- Central Bank System
- Everyone Working
- Labor Unions
- Income Tax
- Free Love

Do any of the above particulars have the *stench* of familiarity? Do you see the relevant parallels that have been accomplished in America as of the last century, particularly since 1933? It is asked: Do you pay Income Tax? Have you ridden on Amtrak? Do you believe that the “United States of America” is your country? Do you know about the *central bank* called the Federal Reserve? Does anyone you know pay inheritance tax? Do you not own property, but yet your child gets a public school education? And, were you taught the “Theory of Evolution” in school? Americans should strongly question why this rubbish is taught in public schools. Universities that profess *Marxist tripe* are classes such as Liberal Arts or Political Science. We should point out that the Elite generally run such Institutions and favor *liberal minded* people.¹⁴

1.2.2 Controlled: Schools / Women / Debt / Religion

It is quite interesting that the government is determined to control the public schools. Common sense dictates the question; “How can Neo-Slavery be implemented if people are not being lied to and/or their minds are not being controlled?” If you have noticed, women have been conditioned to be part of the general work force. How can “THEY” get a piece of them through Income Tax if they are home raising their children? Therefore, women must be working. To further the plot of this silent Neo-Slavery, get people hooked on materialism and overspending, which creates personal debt. Are you in debt? The media promotes free love and immorality; you then get the break-up of families. If you belong to a religious establishment in America, which undoubtedly has a “501c3 non profit status” from the Internal Revenue Service, chances are your beliefs are being covertly controlled through government laid “political speech”.

The greatest tool used by the Elite are the people of the labor force. These people have been sucked into the plot of the Elite. They are told they are battling an enemy dubbed: Capitalists. These people are just being used as tools that are of a *subversive design* to harass the middle class owned businesses. This hindrance will ultimately bankrupt these businesses. The Elite thus get the employees and other ensuing gains with this subversive cabal.

You must think outside of the “Marxist box” that has been built around you. Most people in America are working full time jobs, now middle-class husband *and* wife. People should not be burdened to the point where life is all work. Accordingly, this gives little time to spend with family and other pleasures of life. An immediate cause of this epidemic is over taxation, due to the system of *Neo-Slavery* conceived by the World Elite – COMMUNISM.

¹⁴ To embellish on this, this author was at breakfast with a legal colleague one morning in which we had chance to talk to our waitress, who happened to be an immigrant from Europe. She told us she had taken extensive classes in upper education. She further stated: Our Constitution was praised in the classes she had taken overseas; however, the classes she has taken in America were pushing this Marxist tripe. This author thought to himself. . . *What’s with this?* Anyway, we were both dumbfounded with this statement of information.

1.3 CONSTITUTIONAL UNION

To set a relevant background for the premises—and to break through the Marxist lies that have been fed to you—some essential legal and historical information must be established.

The United States government was/is not to interact or do business with peoples of the several republics. The strict limitations of the government of the Union can be found in Article I, Section 8, of the original (*organic*) Constitution. Furthermore, you should fully understand the premises of the Ninth and Tenth Articles in Amendment in the organic Constitution; these amendments were to protect the peoples (the *several States*) of America from the Union government.

1.3.1 True Country and Nation of Americans

Interestingly enough, most Americans are unaware that their true *country* and *nation* is not the United States of America. One's country and nation is one of the following:

1. Native state, which is a *natural national domicile*, or
2. Chosen state, which is considered an *acquired national domicile*.

Now—in actual evidence—the following pre-Civil War law definition supports this fact. Behold this uncommonly known legal truth as set forth by *Bouvier's Law Dictionary, 1856*:

COUNTRY: By country is meant the *state* of which one is a member. Every man's country is in general the *state* in which he happens to have been born.¹⁵

Did you realize that your *state* is your true country and nation?¹⁶ Probably not. . . because you have been lied to. The truth is being subdued/hidden in Public Schools.¹⁷ Note that *de jure state nationals*, not United States citizens, are the sovereign power of their countries.

Pursuant to disinformation, the Constitution does not give the several states a *Democracy*. The Constitution guarantees a republic government. Such a government can be evidenced in Article IV, section 4, of the Constitution. Rome became a *so-called* Democracy, what you live in now. The Roman Empire collapsed due to its people over indulging in sporting events, dictatorships, corruption, military aggression, sexual perversions, etc. Does this sound familiar to you?

1.3.2 Local Control is Key to Happiness

In 1762 Jean Jacques Rousseau wrote: "The Social Contract or Principles of Political Right," In this particular writing he stated the following about the political rights of people:

"...the political rights of people would be best guarded if they were kept very local, not broad."

The Republic political premise under the Constitution is based on the premise of local principles noted by Jean Jacques Rousseau. These principles are fundamentally noted as:

1. The several states of America—which are American republics and/or nations, *i.e.* the collective are so entitled *the people*—are separated from each other.
 - All people of a particular state were citizens (nationals) of the particular state in which they lived (American national, *e.g.* Ohio national, Iowa national, etc.).¹⁸

15 Compare to current definition in Black's Law Dictionary—*COUNTRY*. *The territory occupied by an independent nation or people, or the inhabitants of such territory. In the primary meaning "country" denotes the population, the nation, the state, or the government, having possession and dominion over a territory.* A bit vague, is it not.

16 No! The change of definition is not due to modernization. Further, it does get old hearing people say "Times have changed" or "The Constitution is old". It is evident they have been *programmed* by Communist dicta.

17 See Communist Manifesto, Plank 10 – Public School Education. *Marxism* needs to control minds.

18 Legally, your state or country of birth is where your *lawful* (constitutional) allegiance is! See Title 8 USC § 1101(a)(21). The term "national" means a person owing permanent allegiance to a state. For further information on state nationalities, based on the Law of Nations, see 1984 U.S. government Style Manual, chapter 5.22/5.23.

2. The United States government is separate from peoples of the several republics.

Furthermore, to continue this political curriculum, Alexander Hamilton set forth this in Federalist Paper number 9 in reference to the proposed government of the federation; it was the premise of the United States' non-interference in the affairs of the several American republics:

“As this government is composed of small republics, it enjoys the internal happiness of each.”

Following the Republic political reasoning found in the Federalist Papers, the founding fathers fully outlined what a *Republic Form of Government* was to consist of in the Papers.

Again, the *Republican Form of Government* is guaranteed to the states by the Union, *i.e.* via the federal government, in Article IV, Section 4, of the Constitution. Such form of government is clearly noted by the following statement by James Madison in *Federalist Paper 10*:

“The two great points of difference between a Democracy and a Republic are:

1. First, the delegation of the government, in the latter, to a small number of citizens elected by the rest;
2. Secondly, the greater number of citizens, and greater sphere of country, over which the latter may be extended.”

In other words: The several republics make up the federal government; many local controlled governments extending outward from the counties of each republic; not inward as it is now. Currently, money is taken from each republic, then is distributed amongst the several States as the federal government sees fit. The *federal government* uses such power as leverage against the States to dictate “ITS” policies to them. These measures destroy the fundamental purpose of the Ninth and Tenth Articles in Amendment, which protected the *states*.

Moreover, a nation which does not contribute as much as another takes from one that is more productive, thus destroying the internal happiness of each republic as originally outlined by the founding fathers. The non-productive have no incentive to become more productive, and the productive have less incentive to remain productive to benefit its society.¹⁹

1.3.3 Land Ownership and Suffrage

To guarantee political control to peoples of America, state suffrage had originally come from the ownership of land.²⁰ Each republic established its own dictates in regard. These premises were established in Federalist Paper 35 by Alexander Hamilton. See the logic behind his premise:

“Nothing remains but the landed interest; and this, in a political view, and particularly in relation to taxes, I take to be perfectly united, from the wealthiest landlord down to the poorest tenant. No tax can be laid on land that will not affect the proprietor of millions of acres as well as the proprietor of a single acre. Every landholder will therefore have a common interest to keep the taxes on land as low as possible; and common interest may always be reckoned upon as the surest bond of sympathy.” . . .²¹

Hamilton further stated in Federalist Paper 35:

“It is said to be necessary, that all classes of citizens should have some of their own number in the representative body, in order that their feelings and interests may be the better understood and attended to. . . Will not the landholder know and feel whatever

19 See the discourse by Gerald Brown entitled “Cooperative Federalism”. E-mail: jerbro@linkline.com

20 Check into Land Patents. This is the full title under the original allodium principle.

21 Although this principal sounds worthy, it is against Biblical principles and is *feudal*. This serves as prima facie evidence that this system under the Constitution was going to transfer debt to people of the states.

will promote or insure the interest of landed property? And will he not, from his own interest in that species of property, be sufficiently prone to resist every attempt to prejudice or encumber it? . . . There is no part of the administration of government that requires extensive information and a thorough knowledge of the principles of political economy, so much as the business of taxation. The man who understands those principles best will be least likely to resort to oppressive expedients, or sacrifice any particular class of citizens to the procurement of revenue.”

1.3.4 Socialism Promotes Irresponsibility

The current bastardized government—instituted just after the *so-called* Civil War—is based on Socialism and/or Communism. Maybe you have heard the Marxist expression: “Pay Your Fair Share”. A common sense consensus of paying your fair share is not that of taking from “haves” and “contributors” and giving it to “have nots” and “non-contributors”, hence, *raising taxes* for welfare to maintain shiftless people who care not to truly contribute to the peoples of a specific American republic. This tacit political formula is simply a plot to destroy—or bring down—people of the middle class, hence creating a nation of serfs, *i.e.* servitude. Accordingly, these measures transfer all land and wealth to the control of the World Elite for their benefit.²²

These matters are in parallel to what Thomas Jefferson once said:

“If we can prevent the government from wasting the labours of the people under the pretense of caring for them, they will be happy.”

Americans are being subversively and intentionally over taxed. It can be stated with conviction that not too many Americans are happy about what has transpired. This secretly imposed adult *baby-sitting service* has cost Americans their freedom, and accordingly their true sovereignty.²³ Without question such losses are primarily caused by the Fourteenth Amendment.

1.4 INSURGENT DEMOCRACY

This author has personally read several cases on the Fourteenth Amendment ranging from the Dred Scott to the Slaughterhouse cases. As both stated cases are quite extensive, this author is convinced that all such case law was *orchestrated drivel* to substantiate the necessity for the existence—and the passage of—the Fourteenth Amendment, which is fallout from the Civil War. The *so-called* Civil War is commonly said to be over the issue of slavery. This author concurs; however, as you will see herein the slaves *were transferred* over to the control of the United States. You may believe that reference is being made to people of African descent owned by Southern plantation owners; as those persons’ *Civil Rights* were to be guarded by the United States legislation. On the contrary! . . . Reference is actually being made to all Americans being tacitly enslaved by the *purported* government of the Union: the “United States”.

22 Jean Jacques Rousseau stated in: *The Social Contract or Principles of Political Right*: “*Under bad governments, this equality is only apparent and illusory: it serves only to keep the pauper in his poverty and the rich man in the position he has usurped. In fact, laws are always of use to those who possess and harmful to those who have nothing: from which it follows that the social state is advantageous to men only when all have something and none too much.*” In other words, what Mr. Rousseau was saying is: Socialism (that is—a Socialist State) is of purpose to steal from “the people” to benefit the Elite under guise of the State. In parallel sense-Roman Senator Publius Cornelius Tacitus (50c-115c AD) stated: “*The more corrupt the State, the more numerous the laws.*”

23 Whiners, such as Warren Beatty, who want back their adult *baby-sitting* government (*socialism/FDR era*) do not have a clue. What is *now* in place was the ultimate plan. Russia, China and Cuba were/are just bogeymen, and socialism was just a phase to get everyone suckered into Corporate Servitude (*American Communism*). Hence, some advice to socialists: Such people should research the legacy of FDR; they would find out you *do not* get something for nothing; we are still paying for FDR’s handouts! See “Bretton Woods Agreements Act”.

1.4.1 Hegelian Dialectic

In reality, the slavery issue was just a mechanism used to implement the Civil War;²⁴ this was accomplished by using a thing called the Hegelian Dialectic. This technique is named after the German philosopher, Hegel. A perpetrator uses the *Hegelian process* to bring about a desired result by using mob psychology. The process is in three parts and is illustrated as follows:

1. **Thesis:** A problem is intentionally created: The immorality of slavery.
2. **Antithesis:** Opposition to the problem is created: The Civil War.
3. **Synthesis:** The desired result is the “solution”: The Fourteenth Amendment, *i.e.* the “Reconstruction Amendments”, the 13th, 14th, 15th.

The Great Depression of the 1930’s was an incident orchestrated according to the Hegelian Dialectic. But note that the Hegelian Dialectic is not just confined to America. The *anti-terrorist legislation* of Adolf Hitler in 1930’s Germany is a perfect example. Hitler wanted the capability to detain people without question and hold them in custody without a court hearing. The people of Germany desired no such thing; so Hitler’s minions burned the Reichstag building to the ground. He blamed terrorists for the incident. The media portrayed the event to be a danger to society and the well being of the German people. They demanded that something be done, so Hitler introduced his *anti-terrorist legislation* with the enthusiastic consent of the people. Does such incident *sound familiar* to you? That is to say, have any comparable incidents—like the Reichstag incident—happened recently in America that brought about any terrorist legislation?

1.4.2 De Facto and De Jure

Now that it has been established how a planned societal change is brought about, we can better address the issue of the unlawful governments that are now present in *the republics*. First, you must understand the precise difference between *de facto* and *de jure*. Simply put: *de facto* is not according to law; and, *de jure* is according to law. The legal definitions²⁵ are as follows:

DE FACTO: In fact (of fact),²⁶ as distinguished from “de jure,” by right.

DE JURE: By right; by lawful right; rightfully; complying with the law in all respects; valid in law. (*i.e.* constitutional; in conformity with the law of nations)

To apply the above definitions of *de facto* and *de jure*, you must first be aware that after the Civil War (*so-called*) the federal government gained dominion (it conquered and controlled) over all states in guise of the Union. A governmental system *de facto* was then created by the passage of the Fourteenth Amendment. The amendment stealthily and *politically fabricates* all several States in the Union to be *quasi-political subdivisions* of the “United States”.²⁷

The crucial factor is that the Fourteenth Amendment naturalizes all Americans to be *citizens and nationals of the United States* at birth.²⁸ Under the *stealthy operations of law*, the Fourteenth Amendment—in essence—negates all *state nationalities de jure*.

24 Slavery is/was a tool used to sell the purpose of the Civil War. You must realize that slavery was a common law (*custom*) of England which was brought to America. If fingers should point to anyone, let it be them.

25 Black’s Law Dictionary, Sixth Edition Deluxe.

26 See definition of “in fact.” Also see definition of “government de facto.” The use of ‘in fact’ in the definition of “de facto” is misleading. It should say “of fact” as parenthesized above. Intentional? . . . you be the judge.

27 The *de facto* “United States” became a sovereign power. In reference thereof, a passage out of Tony Brown’s Book “Empower the People”, although Mr. Brown did not go into legal detail (*as we have*), made reference to secret societies being pleased about the *re-colonization* of the *republics* after the *Civil War*, which stands to reason, as these political subdivisions are referred to as: Colonies, under the color of law (*14th Amendment*).

28 **NATURALIZATION CLAUSE.** The Fourteenth Amendment to the U.S. Constitution, Section 1, provides that all persons born or naturalized in the United States, and subject to the jurisdiction thereof, are citizens of the United States, and of the State wherein they reside. *Black’s Law*. See also Title 8 USC § 1101(a)(22). Definitions. The

The following is what transpired with the implementation of the Fourteenth Amendment:

1. It usurps the political sovereignty of all the republics, which translates into:
2. The nations or countries of America, as secured by the original constitutional premises, are ultimately destroyed,
 - It has stolen the *political allegiance* of people and assigns it to a *de facto* federal government (the *United States*), and installs them by stealth into a political Democracy, verses a Republic government in fact; and,
3. It puts the land of people in quasi-joint tenancy with the government (feudalism).²⁹

SIMPLY PUT: This is all dicta which is established by the Communist Manifesto. The Manifesto mandates the elimination of nationalities, countries and ownership of property.³⁰

De facto government[s] will be further discussed later herein; but for now take notice that:

1. The federal and state governments are not your “constitutional” governments.
2. As a matter of law they are not governments “IN FACT”,³¹
3. They are, as a matter of law INSURGENT.³² In other words: An Insurgent Democracy.

Actually, they are military style governments, which will be described in more detail later.

1.4.3 Insurgent Governments

As defined by the United States Supreme Court,³³ the legal description that is attached to the insurgents’ governmental system under the Fourteenth Amendment is as follows:

GOVERNMENT DE FACTO: A government of *fact*.³⁴

1. A government actually exercising power and control, as opposed to the true and lawful government; a government not established according to the constitution of the nation, or not lawfully entitled to recognition or supremacy, but which has nevertheless supplanted or displaced the government de jure.
2. A government deemed unlawful, or deemed wrongful or unjust, which, nevertheless, receives presently habitual obedience from the bulk of the community.
3. There are several degrees of what is called “de facto government”. Such a government, in its highest degree, assumes a character very closely resembling that of a lawful government.

term “national of the United States” means: (A) A citizen of the United States, or (B) A person who, though not a citizen of the United States, owes permanent allegiance to the United States. [Latter, (B), relates that a citizen of the United States owes permanent allegiance to the United States too. Does not mean a person as defined by 1101(a)(21). See Title 8 USC § 1408 for a person as described in (B)] *National of the U.S. = Communist*.

29 “The ultimate ownership of all property is in the State; individual so-called “ownership” is only by virtue of Government, i.e., law, amounting to mere user; and use must be in accordance with law and subordinate to the necessities of the State. The fact that citizens, at a given time may prefer specie to currency, or vice versa, cannot prevent Congress from enacting those laws which it deems necessary to the maintenance of a proper monetary system.” From: Contracts Payable in Gold. Senate Resolution No. 62 (April 24, 1933)

30 See “Fee Simple” and “Property Tax.” Constitutional land ownership is under freehold, thus not taxable.

31 **IN FACT.** Actual, real; as distinguished from implied or inferred. Resulting from the acts of parties, instead of from the act or intendment of law (i.e. the *de jure* Constitution). *Black’s Law Dictionary, Sixth Edition Deluxe*

32 **BELLIGERENTS.** A body of *insurgents* who by reason of their *temporary organized government* are regarded as conducting lawful hostilities. *Ballentine’s Law Dictionary*. See *state governments* defined in Title 18 USC § 11.

33 From the case *Thorington v Smith*, 75 US 1 (1868), the definition found in *Black’s Law Dictionary*, now removed.

34 Government “of fact” not “in fact” Definition source: *Black’s Law Dictionary, Sixth Edition Deluxe*

- This is when the usurping government expels the regular authorities from their customary seats and functions, and establishes itself in their place, and so becomes the actual government of a country.
 - The distinguishing characteristic of such a government is that adherents to it in war against the government *de jure* do not incur the penalties of treason; and, under certain limitations, obligations assumed by it in behalf of the country or otherwise will, in general, be respected by the government *de jure* when restored.
4. Such a government might be more aptly denominated a “government of paramount force,” being maintained by active military power against the rightful authority of an established and lawful government; and obeyed in civil matters by private citizens.
 5. They are usually administered directly by military authority, but they may be administered, also, by civil authority, supported more or less by military force.

The above is not just a general definition. In its dictum, the court silently described the current *insurgent* governmental system.
