

## PAC | The Bottom Line

### INTRODUCTION

There are some major issues in regard to people seeking remedy to their instant problems. It may be observed that people seem to *follow others* over using their own thought process or critical thinking in their decisions. As a result this may lead to disappointment in many ways for *the follower*.

Those people wanting to solve their problems must ask themselves, What Do I Want? <sup>1</sup> Am I looking for a *quick fix* for the problems I have; *or*, am I interested in changing the future for myself, my family and their posterity? The People's Awareness Coalition is about the latter choice, <sup>2</sup> *not quick fixes*.

The Coalition has isolated a *baby-step* in backing-out of our problems: The 14th Amendment. <sup>3</sup>

### PAC | THE BOTTOM LINE

*Qui non libere veritatem pronunciat, proditor est veritatis.*

He who does not willingly speak the truth, is a betrayer of the truth.

There has been a lot of *bad* case law and other political propaganda that has been released in the past 140 years in regard to the Fourteenth Amendment of the Constitution. This has caused people who are seeking answers to be confused. Simply, that amendment changed the governmental system in America, *politically* and *legally*. The Coalition has observed that this misleading *information* put out by the courts and other "*maintainers*" <sup>4</sup> of this system turns into *misinformation*. That is, it is then used by people referred to as "*repeaters*". <sup>5</sup> It has been found that "*the deceived*" <sup>6</sup> readily pickup on such information and it spreads like cancer. Needless to say, this works in favor of *the adversary*.

Due to the fact that the Coalition holds a hard line on these issues has brought detestation by many people in regard to us and our information. We have found that most people are not willing to bring about change in their lives is primarily a reason. Most people rather complain than do what it takes to

4 **MAINTAINERS.** Individuals and organizations of numerous kinds that use various methods to maintain control of America through the 14th Amendment political and legal system. Such entities are generally beneficiaries of what the system produces, hence have a pecuniary (profit) interest as motivation. —*Island Makers Project Lexicon*

5 **REPEATER.** Someone who parrots information he has heard. In general, most repeater types fail to use scrutiny which includes failing to research or verify the things that they repeat, that in turn causes misinformation to plague "the movement". —*Island Makers Project Lexicon*

6 **THE DECEIVED.** People in the United States who are mislead into participating in the political system under the 14th Amendment. Such system has replaced the law of God and has been replaced with a law system fabricated by men. The system is kept in place by maintainers who use such people for profit and gain through the law of *jus gentium*, which is the law of the foreigner. This translates as United States citizens being deemed foreigners in their own countries. Such deception is considered lawful under the common law maxim of: Let him who wishes to be deceived, be deceived. —*Island Makers Project Lexicon*

understand the truth about what has transpired around them. Furthermore, we have taken a stance on exposing *repeaters* who are leading people astray with *tainted* information. The division caused by these two noted issues has hurt people and has served *the adversary* well. Consequently, bringing the attention of these two things to people is not appreciated by many of *the deceived*.

The primary goal of the People's Awareness Coalition has always been to cut through the doctrinal fog of the *maintainers*. True facts in law is the how remedy may be accomplished. The only way that a remedy is available to you is to put forth hard work and establish *knowledge, courage, and honor*. This is the only way that the future for you, your family, and America will see a positive course.

The bottom line is, after over ten years in our existence there are still a lot of people that fail to understand that PAC is fundamentally a political movement grounded in law.

And, yes... You are correct. Our goal is to *correct* history and *make it*.

## A SIMPLE OBSERVATION

In doing our research it had been discovered that a doctrine was established in the mid 1800s:

*“The Communists are further reproached with desiring to abolish countries and nationality.”*

That doctrine was established Karl Marx in 1848; it showed-up in *“his”* Communist Manifesto.<sup>7</sup> In looking at the history of the United States, we find that *“the states”* in the Union were referred to as *countries*<sup>8</sup> prior to *The War Between The States*. Furthermore, in applying international law, we find that the Union is a federation of nations.<sup>9</sup> Accordingly, each state in the Union carries a *nationality*.<sup>10</sup> However, with *federal legislation* executed under the Fourteenth Amendment all the people who are politically involved in government are *citizens and nationals of the United States*.<sup>11</sup> Now, ask anyone

---

7 **KARL MARX** was hired by a mysterious group who called themselves the League of Just Men to write the Communist Manifesto as demagogic boob-bait to appeal to the mob (masses). In actual fact the Communist Manifesto was in circulation for many years before Marx' name was widely enough recognized to establish his authorship for this revolutionary handbook. All Karl Marx really did was to update and codify the very same revolutionary plans and principles set down seventy years earlier by Adam Weishaupt, the founder of the Order of illuminati in Bavaria. And, it is widely acknowledged by serious scholars of this subject that the League of Just Men was simply an extension of the Illuminati which was forced to go deep underground after it was exposed by a raid in 1786 conducted by the Bavarian authorities. —**NONE DARE CALL IT CONSPIRACY, Gary Allen**

8 **COUNTRY.** By country is meant the state of which one is a member. *Bouvier's Law Dictionary, 1856*

9 **NATIONS IN CONFEDERATION.** Emerich de Vattel noted that every nation that governs itself, under what form so-ever, without dependence on any foreign power, is a sovereign state, its rights are naturally the same as those of any other state. Such are the moral persons who live together in a natural society, subject to the law of nations. To give a nation a right to make an immediate figure in this grand society, it is sufficient that it be really sovereign and independent, that is, that it govern itself by its own authority and laws. *Vattel, Book I, Chapter I § 4.* The Law of Nations recognizes that several sovereign and independent states may unite themselves together by a perpetual confederacy, without ceasing to be, each individually, a perfect state. They will together constitute a federal republic: their joint deliberations will not impair the sovereignty of each member, though they may, in certain respects, put some restraint on the exercise of it, in virtue of voluntary engagements. *Vattel, Book I, Chapter I § 10.*

10 **NATIONALITY.** The state of a person in relation to the nation in which he was born. A man retains his nationality of origin during his minority, but, as in the case of his domicile of origin, he may change his nationality upon attaining full age; he cannot, however, renounce his allegiance without permission of the government. *Bouvier's Law Dictionary, 1856*

11 **TITLE 8 USC § 1401.** Nationals and citizens of United States at birth. The following shall be nationals and citizens of the United States at birth: (a) A person born in the United States, and subject to the jurisdiction thereof. [note the 14th Amendment language]

what their *country* and *nationality* is. Well, it is pretty much guaranteed that you *will not* get the right answers. The simple fact is, the Fourteenth Amendment is grounded in *communist doctrines*. The sad fact is, Americans have been groomed to be *communists* (by *capitalists*) the past 140 years.

Yes, we are saying that *you have been lied to*. After all, who owns the media and runs operations in government? A poor schmoe like you, or a bunch of money grubbing *elitists* and their *tools*?<sup>12</sup>

Are you ready to fix *your* problem? Which is taking back *the theft of your nationality*.

## FOURTEENTH AMENDMENT MURK

*"The illegal we do immediately. The unconstitutional takes a little longer."*<sup>13</sup>

—Henry Kissinger, *New World Order proponent*

So why is the matter of country and nationality the key issue? It is simple: Law. The Marxist doctrines are applied using "*private*" law, *via* politics. The *Fourteenth Amendment political system* is the noose. By established doctrine, the courts have conveniently setup that they will not address issues of law that encompass things of a political nature. How else could *maintainers* calmly usurp a constitution?

Now to explain the how the *unconstitutional* is achieved. After the entity known as the United States had subdued the Southern States after the *so-called* "Civil War" with ITS *Reconstruction Acts*, the remaining states in the Union had to be usurped. To achieve this 'legally' the Fourteenth Amendment was installed. As a matter of law, the amendment creates political insurgency/rebellion.<sup>14</sup> It usurps the *lawful political systems* of the states that were in place prior to the *war*. Not only are the *persons* that are *voting* deemed *in rebellion*, but also those who are *taking benefits* and *remain silent*.<sup>15</sup> The goal was to accomplish *the usurpation* with *the consent* of the people, which makes it *legal* (but not actually *lawful*). Simply put, the *persons*<sup>16</sup> that are participating in this 'new' system are *in rebellion* to their lawful state governments *via* operations of law devised by the Fourteenth Amendment.<sup>17</sup>

Even with matters that exist under this system of *stealthy usurpation*, no one can be compelled to take benefit from it.<sup>18</sup> Under *rules of law*, anyone that benefits from the current system and fails to

12 **TOOL.** Someone that is used to further an agenda with, or without, monetary gain. Such types sometimes lack the ability of critical thought and are either seeking a controlling position over others or looking for a position of recognition. —*Island Makers Project Lexicon*

13 Reported by New York Times, October 28, 1973.

14 **INSURGENT.** A person who rises in opposition to civil or political authority; one who openly and actively resists the execution of laws [see Insurrection]. An insurgent differs from a rebel. The insurgent opposes the execution of a particular law or laws; a rebel attempts to overthrow or change government, or he revolts and attempts to place his country under another authority. All rebels are insurgents, but all insurgents are not rebels. *Webster's Dictionary, 1828*  
Section 2 of the 14th Amendment actually establishes that: "*the right to vote... is denied... except for participation in rebellion, or other crime...*"

15 He who receives the benefit should also bear the disadvantage. {*Cujus est commodum ejus debet esse incommodum*} He who is silent appears to consent. {*Qui tacet consentire videtur*}

16 Fourteenth Amendment, Section 1. "*All persons born in the United States, and subject to the jurisdiction thereof, are citizens of the United States.*" See also, Title 8 USC § 1401. Nationals and citizens of United States at birth. The following shall be *nationals and citizens of the United States* at birth: A person born in the United States, and subject to the jurisdiction thereof. [ This is Fourteenth Amendment language. ]

remove himself from it will be under the liability of the system.<sup>19</sup> The benefit under this system is considered the *citizen and national of the United States* status, which *does* incur *penalties*.<sup>20</sup> One of the major penalties is that the Fourteenth Amendment system has elements of a feudal system.<sup>21</sup>

The fact is, no one has to involve himself in criminal activity, *nor* be associated with criminals.<sup>22</sup>

## BACKING OUT OF THE MURK

*“There is Tranquility in Ignorance, but Servitude is its Partner.”*

—LB Bork

For you to understand how to back out of *The Murk* of the current system, the foundation of how the constitutional system works under the Fourteenth Amendment needs to be explained:

The Constitution for the United States is nothing more than an international agreement of which the *American state/nations* have entered into. The document inherently establishes *public* and *private* law. Congress—a term that imports the meaning of an *international assembly*<sup>23</sup>—has the authority to make laws under the United States Constitution. Another layer of law was added with the Fourteenth Amendment. It applies to Americans *via* the *citizen of the United States* status. Such law is considered *private law* under the original constitutional system; however is deemed 'public law' for *citizens of the United States*. That is to say, such citizens cannot effectively contest it due to their *political status*.

Now it should be understood that the sovereignty of a government comes from the inhabitants, or *people*, of a certain territory who have formed such government. In other words, the *state*, or more aptly—its *government*, cannot be *sovereign* without the nation and *its* political consent.

What has transpired under the Fourteenth Amendment is that the bodies politic of the *several states* have *given-up* their sovereign rights to maintain *politically autonomy*, the *ultimate power* of a people. Such rights have been given to *the entity* known as the United States. Moreover, the people enjoined in the rebellion(s) under the Fourteenth Amendment are also *in rebellion* to their rightful systems of *societal law*, which is the *common law*. This *secret* allows them to be *ruled by the whim* of both state and federal governments under a law system known as the *Law of Persons*,<sup>24</sup> or *private law*.<sup>25</sup>

---

19 Socialism is a benefit: No one is obliged to accept a benefit against his consent. But if he does not dissent he will be considered as assenting. *{Invito beneficium non datur}*

20 This is the nature of federal citizenship under the Fourteenth Amendment as stated by the Supreme Court of the United States: *“It is the natural consequence of a citizenship [92 U.S. 542, 551] which owes allegiance to two sovereignties, and claims protection from both. The citizen cannot complain, because he has voluntarily submitted himself to such a form of government. He owes allegiance to the two departments, so to speak, and within their respective spheres must pay the penalties which each exacts for disobedience to its laws.”*  
U.S. v. Cruikshank, 92 U.S. 542 (1875) <http://laws.findlaw.com/us/92/542.html>

21 *“The ultimate ownership of all property is in the State; individual so-called “ownership” is only by virtue of government, i.e., law, amounting to mere user; and use must be in accordance with law and subordinate to the necessities of the State.”* Senate Document #43; Senate Resolution No. 62 (Page 9, Paragraph 2) April 17, 1933.

22 Mandate of an illegal thing is void. *{Rei turpis nullum mandatum est}* See *Historical Error* : [www.pacinelaw.org/error](http://www.pacinelaw.org/error)

23 **CONGRESS.** *In international law.* An assembly of envoys, commissioners, deputies, etc. from different sovereignties who meet to concert measures for their common good, or to adjust their mutual concerns. *Black’s Law Dictionary, 4th Edition*

24 See Rudolf Sohm treatise, *Institutes of Roman Law*.

25 Fourteenth Amendment *legal entities* under the *Law of Persons* defined by, Title 1 USC § 1. Words denoting number, gender, and so forth. *The words “person” and “whoever” include corporations, companies, associations, firms, partnerships, societies, and joint stock companies, as well as individuals.*

All such *adverse factors* aside, the inherent *constitutional political allegiance* is to your state; all other governments are considered foreign, including the United States government.<sup>26</sup> As a matter of fact, the United States recognizes *lawful* allegiance under the Fourteenth Amendment and its *insurgent* presence. This may be seen in Title 8 of the United States Code, Section 1101(a)(21), Definitions:

- *The term “national” means a person owing permanent allegiance to a state.*

In recognizing this, the United States is a party member to the United Nations, hence is subject to the following declaration<sup>27</sup> which established: *Everyone has the right to retain a nationality and that no one shall be assigned an arbitrary nationality.*<sup>28</sup> As it is considered *involuntary servitude*, the mandate also established that no one may be forced to be member of *an association* without his consent.<sup>29</sup> Long before that declaration was established, due to the fact the *Fourteenth Amendment political system* was known to be *unlawful*,<sup>30</sup> Congress had left a way to *get out* of such system.<sup>31</sup>

The remedy is: Expatriation. Removing yourself from the *unlawful* political system.<sup>32</sup>

There have been people who have attempted to expatriate their United States citizenship by claiming American citizenship; however as the governments have been usurped there is technically no *rightful citizenship* that may be held under the *insurgent* system.<sup>33</sup> Nationality *cannot* be taken away. This is something that cannot be usurped as a matter of natural right. The presumption is that everyone in America owes allegiance to the *United States*, and Americans willfully do. They seem to just love the *citizen of the United States* status which is equal to that of a people of a conquered country.<sup>34</sup>

Perhaps these disclosed matters is why *communism* mandates *public school* education.<sup>35</sup>

## LEADING BY EXAMPLE

*“The only thing necessary for the triumph of evil is for good men to do nothing.”*

—Edmund Burke, English philosopher

To start on the road to recovery *people* must lead by example.

31 Public Law, 15 United States Statutes at Large, Chapter 249, pps 223-224, Section 1 (1868), a Declaration by Congress establishes it is a right to remove oneself from political systems.

This remedy currently appears under Title 8 of the United States Code, section 1481.

34 **POSSESSION**, *international law*. By possession is meant a country which is held by no other title than mere conquest. *Bouvier's Law Dictionary, 1856*. Title 8 USC §1101(a)(29) Defines possessions of the United States as American Samoa and Swains Island, and Title 8 USC § 1408 defines the people of such countries as “nationals of the United States” as are citizens of the United States.

*The point, these noted conquered people have the same 'nationality' as United States citizens.*

35 Communist Manifesto of 1848, Plank 10.

Unfortunately, it is almost assured that *most people will do nothing*. Why? American journalist and essayist, H.L. Mencken, stated the below years ago in regard to why most people will do nothing:

*"[The average man] is not actually happy when free; he is uncomfortable, a bit alarmed, and intolerably lonely. Liberty is not a thing for the great masses of men. It is the exclusive possession of a small and disreputable minority, like knowledge, courage and honor. It takes a special sort of man to understand and enjoy liberty — and he is usually an outlaw in democratic societies."*

~Henry Louis Mencken (1880-1956)

As people have heard for years we live in a "Democracy", so it is said. The system described herein is what the *so-called* democracy is actually all about. Most people have not a clue what *liberty* is. They will *not identify* with people who wish NOT to be *Socialists*... Or rather, *Marxist Communists*. These programmed types are happy being *human resources* for the elite in the *world machine*.<sup>36</sup> Suitably they will *do nothing* and let *evil prevail* as it has for years, for this is their "democratic society".

But you, are you willing to *repent* and turn away from the *privileges* of the *democracy*? Are you ready to give-up burdening others through *benefits* that are actually a ploy that *enriches* the *elite*? Are you willing and ready to create a *new society* and give-up falsehoods such as being told you are free?

*"Art thou less a slave because thy master loves and caresses thee?"*

~Blaise Pascal (1623-1662)

To stress our point, the Supreme Court of the United States uttered this about the *real* problem:

*"The chief enemies of republican freedom are mental sloth, conformity, bigotry, superstition, credulity, monopoly in the market of ideas, and utter benighted ignorance."*

~Justice Black in *Adderley v. State of Florida* (1967)

Discerning that *knowledge, courage, and honor* are vital, are you prepared for *liberty* of "republican freedom" that is guaranteed to you by the Constitution? Are you ready *To Lead by Example*?

## DO NOT BE FOOLED BY FAKES

*Qui vult decipi, decipiatur.*

Let him who wishes to be deceived, be deceived.

It can be surmised that *the adversary* had created the "*sovereign individual*".<sup>37</sup> This way the people of the *self-centered* variety are *kept out of the way*. This is a wonderful plan so that *the adversary* may maintain control of the countries they have taken over. The way to overcome this: UNITY.

With respect to the *lack of unity*, there are many people out there that have lifted the information that the Coalition brought forth over ten years ago. Profiteers and maintainers established methods to lead people astray from what the truth is. Truth mixed with falsehoods, using 14th Amendment law forms, keep unsuspecting people "*in the box*". People who are of greed and sloth have fallen prey to them. The *greed* and *deception* factor: what a great *divide and conquer* tool for *the adversary*.

---

36 See the information, *Human Resources*, at : [www.pacinlaw.org/hr](http://www.pacinlaw.org/hr)

37 **SOVEREIGN INDIVIDUAL.** In general, such persons think they are individually sovereign and are not a member of any governmental system. Such persons are anarchists and may be considered stateless under international law. They hold no posterity as a member of a nation in the United States and ultimately have no rights that international law does not prescribe. Most of these types would be considered as selfish and lost, see also *Sovereign Citizen*. —*Island Makers Project Lexicon*

## WHY THE COALITION?

*“Too many cooks spoil the spaghetti sauce.”*

—Mike Brady, *the Brady Bunch*

There is a maxim of law that states, *Many men know many things, no one knows everything*. In line with that maxim there are many people that profess many things. Unfortunately many things that people profess are redundant. For that reason, the problem is people *not* working together.<sup>38</sup>

The People's Awareness Coalition has been around since 1998. The primary goal of the Coalition is to explore the truth in search of providing *liberty* to people under the governmental system we live in. We differ from most other remedies because we have discovered an established position *in law* that, when exercised properly, puts people in an offensive position. Our remedy has a solid foundation and does not keep people *“in the box”* like *remedies* others may profess. Our goal is *constitutional liberty*, not putting band-aids on a system that was meant to be broken, *i.e.*, the system *will not* be fixed.

The Coalition empathizes that there are people who feel they must remain part of *the rebellion*. That aside *unity* is still needed. We have put together a *revolutionary* plan for all people to come together, the *PAC Alliance Program*.<sup>39</sup> The main program points are: 1) Build local communities; 2) Correct the nationalities of people; 3) Watch what **THEY** are doing. The two primary points assist in taking back communities by *building local economies*. The people who *correct their nationalities* safeguards them from the *legislation* that purviews through the Fourteenth Amendment system. Regrettably, as the situation exists, most people center on *“watching”* what *“their”* government is doing and do nothing but *complain* and *live in fear*. This is what *the adversary* wants. So in regard to point three, we will not just be watching **THEY**; we will expose their deeds through *effective programs* due to unity.

We are not selfish *“sovereigns”*. We care about one another. We are building local communities. We are the *lawful bodies politic* of the American Union. We want *our countries* back from *the rebels*.

Simply stated, why would people not want to be affiliated with the producer of the remedy?

*“I admire PAC’s readiness to inform and assist souls out of the New World.”*

38 **UNITY.** An agreement desired by a group of people that have a common interest in order to strengthen their cause. A division is sometimes accomplished by an individual or faction that encourages a group to "take sides" in issues rather than seeing the commonality of their goals and agreeing to disagree on the rest.

Unity is something the movement lacks mainly due to self-importance. —*Island Makers Project Lexicon*
